Mujtaba Hussain

React Js Developer

PROFILE

I am a young passionate software engineer, proficient ReactJs developer, keen and enthusiastic towards new technologies, I have excellent skills in web development. Currently working as a ReactJs developer at Lead concept . I had worked on many projects in my tenure of graduation. I had developed my final year project in MERN stack
Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Looking forward for more opportunities related to web development and IT.
